

Spring has sprung, it's April! Which means, it is Autism Awareness Month and it is also **Occupational Therapy Month!** I am so excited to be sharing this with you as this month is very special to me and my profession. Starting next week, I will be providing a topic each day next week April 6th- 10th. Keep an eye out on the blog for resources to be shared starting Monday!

Stay Healthy and Safe,
Miss. Morgan
