

November 8, 2020

Since Friday, November 6th, we have been informed that two individuals who were in attendance at Crossroads last week have tested positive for the COVID-19 virus. We have been in contact with Schenectady County Public Health Department who initiated an investigation and the contact tracing process. Crossroads staff is reaching out to staff and families of students that may have been in contact with one of the individuals who have tested positive for COVID-19. Health Department personnel will officially reach out to anyone who has had close contact with either individual who tested positive and provide quarantine guidelines. If you or your family is NOT contacted by the Health Department, this means that the department has determined you were not exposed.

Out of an abundance of caution, Crossroads will be closed tomorrow, Monday November 9th. This will allow for contact tracing to be conducted and ensure that staff and students in our program are safe and healthy.

The individuals who tested positive, and any other students or staff who were exposed, will not return to school until the Schenectady County Health Department provides clearance for them to do so. We hope you understand that we cannot provide any additional information about the individuals who tested positive due to confidentiality concerns. Please know that all established protocols were followed at the Center and we will continue to do so. The cleaning company has been in over the weekend to provide additional deep cleaning and sanitizing.

Please continue to practice and encourage good hand-washing hygiene, wear face masks, and practice social distancing. If you or a family member start to exhibit symptoms of COVID-19, please stay home and contact your physician.

Thank you for your understanding and patience. Let's all continue to work together to stay healthy, so our schools can stay open!

A handwritten signature in blue ink that reads "Kelly A. Young".
