

Job Title: Occupational Therapist

EDUCATION AND EXPERIENCE REQUIREMENTS:

- Graduate of an accredited Occupational Therapy program
- MS in Occupational Therapy
- Licensure or license eligibility in the State of New York as an Occupational Therapist

Occupational Therapist

Crossroads Center for Children, located in Schenectady, NY, is looking to fill an immediate opening for a full-time Occupational Therapist. We are looking for staff who are fun-loving, life-long learners, committed, and determined to help students achieve their best. Come join our supportive team of professionals! Crossroads serves children in our school-age K- 5 program following principles of Applied Behavior Analysis. ABA is an empirically based science that is used to analyze the relationship between a child and their environment and improve socially significant behavior. We stress positively reinforcing appropriate behaviors and replacing challenging behaviors with functional communication. Experience working with children with Autism Spectrum Disorders is preferred, but not required.

Job description includes, but is not limited to:

- Planning individual and group lessons that encompass student's fine motor goals
- Working with a team of providers to assess student progress
- Supervising Occupational Therapist Assistants
- Parent training
- Report writing
- Attending meetings within the building and at the school district.

Benefits include, but are not limited to:

- Flexibility of following a school year calendar (including a six-week summer program)
- Paid initial training
- Opportunities for continuing education
- Access to a comprehensive benefits package including health, dental, and vision

New York State Certification in Occupational Therapy is required.
