

# About Us

**MISSION:** To prepare individuals with and without developmental disabilities for life success within their family and community.

**PHILOSOPHY:** Crossroads Center for Children utilizes interventions from the field of applied behavior analysis (ABA), a branch of psychology and education with a foundation based on scientific analysis of human behavior and learning.

Crossroads is an organization located in Schenectady, with a center-based school and an ABA (applied behavior analysis) clinic helping children diagnosed with autism and other developmental special needs, from all over our region. This is the only organization fully operating on the philosophy and strategies of ABA, and thus a critical need for our area. As a nonprofit, Crossroads relies on the kindness and generosity of the community.

Crossroads Center is a 501 (C) 3 Nonprofit Organization, Tax ID #14-1809027. Donations outside of the fair market costs of advertising, food, gifts and golfing fees are tax-deductible to the full extent of the law. Crossroads will provide a thank you letter with receipt of your contribution that you can retain for your tax records. All profits from fundraisers for Crossroads go towards the extensive expenses of running a nonprofit school to provide the services that the children need to progress and thrive.
